ABOUT ME

I'm a developer with a thirst for learning, in addition to being an Information Systems student. I learned web technologies in practice, both front-end and back-end.

SKILLS

- Back-end: ASP .NET (Core/Framework) MVC and API, SQL (Oracle Database and SQL Server), PostgreSQL (w/ Sequelize), MongoDB, Express/Node.js, maintenance on legacy systems (Classic ASP/ VBscript).
- Front-end: Vue.js, React.js, Tailwind, JQuery, Bootstrap + Sass.
- Languages: C#, Javascript, Typescript, Python, SQL, HTML and CSS.
- Tools: Git, Azure, TortoiseSVN, Dockers.
- Techniques: Agile Methodology, OOP and POP, REST Web APIs, MVC Architecture, TDD.
- Advanced knowledge in English.
